

PUBLIC HEALTH NURSING 3.0: CALL TO ACTION

APRIL 23– 26, 2019 | EMORY CONFERENCE CENTER | ATLANTA, GEORGIA

YOU ARE INVITED TO BE AN APHN CONFERENCE EXHIBITOR AND/OR SPONSOR

APHN invites you to join us at the 2019 Annual Conference in Atlanta, Georgia. You will have the opportunity to talk to over 200 Public Health Nurses, nursing educators, and other partners whose focus is on population health. This year's conference theme is "Public Health Nursing 3.0: Call to Action." Public Health Nursing 3.0 reflects the nature of the work and issues that public health nurses are engaged in across the nation as part of the movement to strengthen and transform our health system and improve overall population health. The conference will engage participants in dialogue about research, policy, practice, and advocacy to advance a culture of health.

The Association of Public Health Nurses (APHN) was formally incorporated seven years ago (2012), building on a rich 83 year history. It began in 1935 as the Association of State and Territorial Directors of Nursing (ASTDN), serving as an advisory group of state health department nurses. The broader, more inclusive organization has grown over the years with an educational focus to support public health nurses (PHNs) in the dynamic, rapidly changing health system and continues today as an organization of PHNs from across the US and its territories. In addition to a rich history, APHN's strength lies in partnership with thousands of nurses and partners in public health and population work at the local, state, and national levels, and draws upon these relationships to communicate with a broad membership.

APHN is an affiliate of the Association of State and Territorial Health Officials (ASTHO) and the National Association of City and County Health Officials (NACCHO). APHN is also an active partner in the Quad Council of Public Health Nursing Organizations.

APHN's vision is healthy communities through excellence in public health nursing practice and leadership. APHN's members are actively engaged in local, state, and national collaborative partnerships that promote and improve the public's health. The organizational website is located at www.phnurse.org.
